MISS INTERNATIONAL BEAUTY® & USA INTERNATIONAL®

FOUNDER: LOUISE MADLIN

July 20, 2018

Dear Susan Jeske,

It is with a heavy heart that I must inform you that my mother, Louise Madlin has passed away. She had a wonderful life that took her places that she never dreamed of going when she first started in the beauty pageant world back in 1963. Along the way she formed many wonderful friendships that lasted the rest of her life. I wish to personally thank you, on behalf of my entire family, for all of your assistance during the past several years as her health declined. She knew she could count on you to represent the pageant program with the professionalism, honesty and fairness that she always tried to demonstrate. In addition, she valued your friendship, which has withstood the test of time, beginning in the early 1980's. Our family can still remember you judging and performing, with your beautiful voice, at many of her pageants.

My mother was in the pageant business for over 55 years beginning with the Miss Palm Springs pageant. She considered two events to be her pageant related crowning achievements. First was the development of the Miss International Beauty® pageant system which she trademarked in 1978. The second was opening the Mazatlán Mardi Gras visiting queen's programs to queens from the United States. This yearly event was something she always looked forward to attending and she became a valued consultant to the Mazatlan Carnival Committee.

With her passing many decisions had to be made regarding her pageant system, registered titles and businesses. It is my families wish that you carry on her 40-Year legacy and takeover her registered trademarks, Miss International Beauty® and USA International®.
USPTO Registration No:
4304783 - Miss International Beauty®
4304784 - USA International®

I believe it is a natural fit since you have been involved with the pageant in different capacities since the 1980's including as her national title holder. She appreciated you being a pageant coach to select titleholders, and a chaperone for her queens traveling to various countries, including Thailand, Japan, China and Mexico.

In 1990, when you held the USA International® title, the pageant was selected to represent Norelco and promote their **"Discover The Beauty Within You!"** campaign. She felt your promotional trip to New York, where you did a media tour which featured a dozen television news programs featuring beauty tips and the Norelco Silhouette Women's Shaver, was a great success.

I am confident that you will produce an international pageant program with the integrity and style for which she always strived. It is my pleasure to be able to pass these titles onto you knowing that you will never forget and always honor my mother's 40-year legacy as the founder of the Miss International Beauty® and USA International ® pageant programs and their director until her passing a few months ago. I feel that you will be very successful with this new venture as you already have a proven track record with your Ms. America pageant.

Sincerely Yours,

Catherine Madlin – Stuart
